

725 lb. High Capacity Model

274101

Power LiftKar HD

Two Models

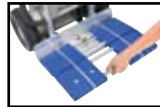

Uni – straight frame – accepts dolly option for 4-wheel support.

Fold – upper handle angle can be adjusted. Best for copiers, safes, heavy motors or any short and heavy load which would require the user to pull the load back to a very low position. The adjustable angle position on the Fold model allows the user to stand upright when using the truck at a very low angle.

- Innovative edge-of-step braking system – automatically applies brake when wheels are at edge of step. Helps prevent loss of load control caused by accidental rolling down steps.
- Brake can be shut off for use on level ground – prevents unwanted braking when moving over ground with an uneven surface.
- Two operating modes: single step (ascend or descend button must be pressed after each step – ideal for maximum control), or continuous climb.
- 24v quick-change battery pack – sealed maintenance-free battery.
- Two climbing speeds: 6 steps/min. or 10 steps/min.
- Average number of steps with fully charged battery:
440 lbs. of cargo - 220 steps
550 lbs. of cargo - 190 steps
725 lbs. of cargo - 120 steps.

Power LiftKar Options

- **Part # 274103 - Snap-on toe plate** equipped with 4 dual casters. Provides additional cargo space and the ability to move loads without tilting truck. Especially useful in confined areas.
- **Part # 274102 - Fold-out rear wheel carriage** (Universal model only) slides easily into position to provide 4-wheel support.
- **Part # 274116 - Extra battery pack.**

Part #274100 with optional snap-on toe plate - #274103.

Part #274100 with optional fold-out wheel carriage - #274102

StairKing Battery Powered Stair Climbing Appliance Truck

- **U.S. Pat. No. 7,137,464**
- 1/2 Horsepower, 50 amp, high torque motor runs cooler under load.
- Industrial grade gear box transmits steady power and is preferable to other drive designs.
- Large 2" diameter, polyurethane lifting feet provide more secure stair gripping.
- Auto rewind ratchet works first to take the slack out of the cargo belt, and then provides a ratchet crank to securely tighten the load.
- Noseplate measures 24" by 4" deep. Welded magnesium frame and noseplate.
- Sealed maintenance-free battery. Charger and circuit breaker included.
- 6" moldon rubber wheels.
